NAB / CISAC - BW

NATIONAL ACADEMY OF SCIENCES

2101 CONSTITUTION AVENUE, NW WASHINGTON, D. C. 20418

OFFICE OF THE PRESIDENT

March 4, 1992

Dr. Joshua Lederberg  
University Professor  
Suite 400, Founder's Hall  
The Rockefeller University  
1230 York Avenue  
New York, NY 10021-6399

Dear Dr. Lederberg:

I am pleased to offer you reappointment as chair of the Biological Weapons Control Working Group of the Academy's Committee on International Security and Arms Control (CISAC) for a two year term beginning April 1, 1992. We value your past service with the group and hope that you will be willing to remain involved.

I realize that the working group was not active during the past year because of the situation in the former Soviet Union, but I hope that it will be able to resume work soon. I also hope that the group will contribute to CISAC's effort to address the broader problem of weapons proliferation.

If you have any questions about your appointment or other matters relating to the Committee, I suggest that you contact Dr. William Colglazier, Executive Director of the Office of International Affairs; his number is 202-334-2800.

I hope you will agree to continue your service in an area of great importance to all of us. I am confident that you will continue to make a significant contribution and to find it an interesting and rewarding experience.

*Thank you. I am delighted to  
be invited and fully accept.*

Yours sincerely,

Frank Press  
President

*We will be discussing your attention  
on 1) cooperative measures with Russia  
vis a vis cleaning up past legacy  
2) proliferation!*

*It is a splendid group.*
